Senior Product Designer

EXPERIENCE

Senior Product Designer [FlippingBook](#) · Full-time

May 2020 to Sep 2025 · 5 yrs 5 mos · Remote

I designed an interactive publishing editor (B2B SaaS). Focused on scalable design systems, clear user journeys, and modern, professional UI for complex creation and distribution workflows. Designed new mobile app. Covered end-to-end design from discovery to delivery, partnering closely with CEO, PM and engineering to ship reliably and improve usability.

Product Designer [UCHi.RU](#) · Full-time

Sep 2019 to Dec 2019 · 4 mos · Moscow, Russia

Worked on the Olympiads product team, building and evolving internal products for Russian and international markets. Led end-to-end interface design for web and mobile, improved the design system, and partnered closely with cross-functional stakeholders.

UI/UX Designer [Eastmedia](#) · Full-time

Sep 2018 to Jul 2019 · 11 mos · Yekaterinburg, Russia

At Eastmedia I designed UI for iOS and Android apps end-to-end: from research and wireframes to polished layouts ready for development. Led usability testing and created clear presentations to defend design decisions with stakeholders.
